# UNITED STATES DISTRICT COURT DISTRICT OF MINNESOTA

FAIR ISAAC CORPORATION,

Court File No. 16-cv-1054 (WMW/DTS)

Plaintiff,

v.

DEFENDANTS'
EIGHTH SUPPLEMENTAL
ANSWER TO PLAINTIFF'S
INTERROGATORY NO. 17

FEDERAL INSURANCE COMPANY, an Indiana corporation, and ACE AMERICAN INSURANCE COMPANY, a Pennsylvania corporation,

Defendants.

To: Plaintiff and its attorneys, Allen Hinderaker, Heather Kliebenstein, Michael A. Erbele, and Joseph W. Dubis, Merchant & Gould P.C., 3200 IDS Center, 80 South Eighth Street, Minneapolis, MN 55402.

Defendants Federal Insurance Company and ACE American Insurance Company ("Federal"), for their Eighth Supplemental Answer to Plaintiff's Interrogatory No. 17, state and allege as follows:

## EIGHTH SUPPLEMENTAL ANSWER TO INTERROGATORY NO. 17

<u>INTERROGATORY NO. 17</u>: For all insurance policies in connection with which the Blaze Advisor software was used, the gross written premium of Defendants and the gross written premium of each related company, including the specific identification of each related company, for each quarter from March 30, 2016 to date. For clarity, this Interrogatory is not seeking investment income, other income, or capital and surplus accounts.

Federal states the following:

• For the Financial Lines Unit (post-merger) for the years identified below, the following applications used Blaze Advisor® software: CSI Express, Decision Point, Automated Renewal Process, Profitability Indicator, and Defined Book Run. The approximate gross

written premiums, policy counts, and identification of the insurance writing companies that issued insurance policies that used these applications, in connection with which the Blaze Advisor software was used, is provided in the charts below for the years requested.

- CSI eXPRESS, Automated Renewal Process, and Profitability Indicator are combined all together in one chart because creating a separate chart for each application would result in triple-counting of the policy counts and gross written premiums. In other words, policies and premiums that go through one of these applications goes through the other two applications as well. The Blaze Advisor component was removed from the version of CSI eXPRESS, Automated Renewal Process, and Profitability Indicator used by the Financial Lines Unit on or about January 17, 2020.
- Defined Book Run, a process within CSI eXPRESS, is used to generate profitability analyses for informational purposes. The DBR process has been used on policies that do not reside within CSI eXPRESS and are not included in the premium and writing company information above. For these policies outside CSI eXPRESS, the writing company names are not captured, and the premiums actually charged are not required to be and were generally not specified, and therefore, are generally not available.

• For Corporate Business Systems (CBS), which is not a strategic business unit (SBU), the following application uses Blaze Advisor software: Premium Booking. The approximate gross written premiums and policy counts that used these applications, in connection with which the Blaze Advisor software was used, is provided in the charts below for the years requested. Discovery is continuing.

Year	<b>Gross Written Premium</b>	<b>Policy Count</b>
2019	\$426,769,796.93	344,101
2018	\$500,850,828.90	57,023
2017	\$442,839,931.87	60,142
2016	\$503,432,073.43	57,219

- The data for Premium Booking is extracted from a mainframe DB2 table that is specifically tracking the policies that passed through the Premium Booking "rules" as constructed in/using the Blaze Advisor tool. This table does not include writing company and that information could not be correlated to the policy count/gross written premium values being provided.
- The Blaze Advisor component was removed from the version of Premium Booking used by Corporate Business Systems on or about April 17, 2020.
- For the Chubb Commercial Insurance (CCI) business unit for the years identified below (post-merger), the following applications use Blaze Advisor software: CUW-IM, TAPS, and IRMA. The approximate gross written premiums, policy counts, and identification of the insurance writing companies that issued insurance policies that used these applications, in connection with which the Blaze Advisor software was used, is provided in the charts below for the years requested. Discovery is continuing.

We are seeking a way to not include the prior policy since it results in the financial information having inflated numbers. Discovery is continuing.

- The Blaze Advisor component was removed from the version of IRMA used by the Chubb Commercial Insurance (CCI) business unit in either the summer or early fall of 2019.
- ERCIS Claims is a claims system (not a policy system), and therefore, there is no gross written premium or policy count associated with the application.
- For the Surety business unit for the years identified below (post-merger), the following application does <u>not</u> use Blaze Advisor software: Cornerstone. However, as ordered by the Court, below are the approximate gross written premiums, policy counts, and identification of the insurance writing company that issued insurance policies that used Cornerstone:
